Greetings Parents and scholars,

Welcome to the 2020-2021 school year! Excitement is filling the air as we embark on the start of a new school year. We are eager to continue the tradition of excellence and to expand on the culture that we pride ourselves on. I am Ms. Adrienne Wylie, director of bands.

Continuing in the footsteps of royalty we will build on our legacy of strengthening the community through musical relationships. Also, building our knowledge and background on the beginning of Western music while connecting the concepts of how different cultures play a role in key musical concepts. We will take these next semester to visit each time period as well as develop music notation and music analyzing skills. Band will offer the opportunity to learn how to play an instrument while executing marching and maneuvering.

We will be using google classroom until Canvas is up and running. Please look for your class code and sign in with your school email. If you have any questions, please do not hesitate to contact me. awylie@queschools.org

Musically yours,

Adrienne Wylie
